Dr. Patricia Seagriff celebrated her retirement from WIHD at a reception with colleagues last week. She has been with WIHD since 1993 and served as director of dental services since 1999. In addition to her work with patients, Seagriff is a member of the prestigious New York State OPWDD Task Force on Special Dentistry.

Seagriff, of Yorktown, has served as the Special Smiles local coordinator for the past 20 years, conducting oral screenings for the Spring Games of the Westchester, Putnam, Dutchess Special Olympics.

"Dr. Seagriff has been integral in helping adults and children with disabilities receive the dental care they need," said Dr. Susan Fox, president and CEO of WIHD. "We are going to miss her and wish her a relaxing and well-deserved retirement."

Seagriff was instrumental in helping to secure WIHD's new mobile dental clinic, which was unveiled earlier this year. The mobile dental clinic is a state-of-the-art dentist office on wheels that provides dental services to children and adults with disabilities throughout the region.
