

OT, PT, Speech... Understanding the Purpose & Delivery of Related Services

WEDNESDAY, DECEMBER 4, 2019

6:30 - 8:30 PM

**Oak Grove Elementary School
40 Kerr Rd., Poughkeepsie**

- Related services means developmental, corrective, and other supportive services as are required to help
- students with disabilities benefit from special education services and general education in order to meet
- educational goals and make it easier to participate in class and afterschool activities. Related services are
- typically part of an Individualized Education Program (IEP) but some students can receive them through a
- Section 504 Accommodation Plan.

Come hear important information on:

- ◆ The basic procedures for the recommendation of different types of related services
- ◆ How the focus of services can change from preschool through school-age grade levels
 - ◆ Types of accommodations/modifications
 - ◆ What happens when a related service session is missed
- ◆ Tips on how families can provide information and advocate effectively for their children

Parents, educators, service providers, advocates and the general community are welcome to attend!
