

This workshop is for high school students with an IEP or 504 Plan; their parents/guardians; school personnel and any others involved in the college planning process.

Students who intend to pursue a college degree, will learn what they need to know to prepare for their transition to any type of college whether it be a 4-year private/state university, a 2-year community college, a technical/career college or any other institution of higher education.

Highlights include:

- Differences from high school
- Roles & responsibilities
- Accessing disability services and supports
- College students share their stories: What they wished they knew before college and what they know now

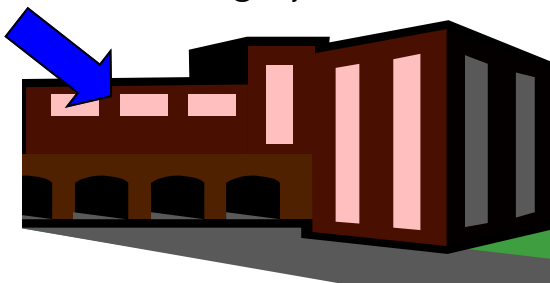

**Tuesday, March 10, 2020**
