

## CPSE - Child Information Worksheet

Child's Name: \_\_\_\_\_

Completed by: \_\_\_\_\_ Date of CPSE Meeting: \_\_\_\_\_

An effective IEP is developed based on accurate comprehensive information about the student. At a CPSE meeting, goals, services, and an individualized program are built upon the identified strengths, needs, and functioning levels of the child that are discussed and determined by the CPSE team. Parents are members of the CPSE committee and information they provide is as critical as that of any other members.

Take some time to consider the following and submit the information to your CPSE committee at or before your child's meeting.

**Cognitive/Academic Development** (*e.g. names some colors and numbers, starts to understand concept of times, follows 2-3 part commands, and recalls parts of a story*)

1. My child's strengths and interests in this area are:

---

---

2. My concerns about my child's development in this area are:

---

---

**Social/Emotional Development** (*e.g. copies and play with friends, wants to please friends and adults, shows emotions and adjusts to transitions*)

1. My child's strengths and interests in this area are:

---

---

2. My concerns about my child's development in this area are:

---

---

**Physical Development/Movement** (e.g. runs, swing, hops, and climbs, can feed self with fork or spoon, uses scissors, copies and draws shapes, body parts, and some letters/numbers)

1. My child's strengths and interests in this area are:

---

---

2. My concerns about my child's development in this area are:

---

---

**Management Needs**

1. Support and strategies needed to address your child's needs; may include environmental modifications and human assistance:

---

---

2. Describe how your child needs impact participation in activities, including daily living:

---

---

**Other information or concerns:** \_\_\_\_\_

---

---

I will submit the following information for the CPSE to consider at my child's meeting: (List any reports from doctors, private therapists, teachers or providers. (Attach copies of reports to this document):

---

---

Milestones matter! How your child plays, learns, speaks, acts, and moves offers important clues about his or her development. To review your child's milestones visit CDC's Developmental Milestones checklists: <https://www.cdc.gov/ncbddd/actearly/milestones/index.html>
