The Community Support Network (CSN) at Westchester Institute for Human Development is the Hudson Valley's resource for individuals with disabilities, their families, and the professionals supporting them. The CSN serves as the Hudson Valley Family and Community Engagement Centers (FACE) for the NYSED OSE Partnership.

Our experts are knowledgeable about all the disability systems serving individuals with disabilities across the lifespan and are available to help YOU.

We provide resources, training, direct services, support and guidance to families, schools, agencies, and individuals themselves on disability related issues and topics.
