

Understanding the IEP for Parents of Preschool Children

This workshop will provide families/parents and caregivers an overview of the process for developing an Individual Education Program (IEP) using a collaborative approach. The training provides a review of the areas of the IEP and the information that a parent, family and/or caregiver can share with the Committee on Preschool Special Education (CPSE) regarding their child's performance and disability related needs.

Participants will:

- Understand the Committee on Preschool Special Education (CPSE) process and your role within the process
- Identify the different components of the IEP
- Discuss how to develop relationships and practices that build home-school collaboration and support the student

(OSE Partnership with Lower Hudson Regional Partnership Center)

The Community Support Network (CSN) at Westchester Institute for Human Development is the Hudson Valley's resource for individuals with disabilities, their families, and the professionals supporting them. The CSN operates Family and Community Engagement (FACE) Centers for the NYSED OSE Partnership. Our experts are knowledgeable about all of the disability systems serving individuals with disabilities across the lifespan and are available to help YOU.

We provide resources, training, direct services, and support and guidance to families, schools, agencies, and individuals themselves on disability related issues and topics.
