

Transition Planning In the IEP Workshop for Parents – Review your child’s IEP Transition Plan!

Target audience: parents of students with IEPs 8th grade and older, college bound or other paths.

Effective transition planning is based on the student's strengths, preferences, and interests and focuses attention on how the student's educational program, including instruction, career and educational experiences, can be planned to help the student make a successful transition to his or her goals for life after high school. By its very nature, transition planning is a collaborative effort and must be thought of as an ongoing process across multiple school years.

This will be a hands-on workshop where parents will learn about what makes an EXCELLENT transition plan, how to partner with the school district, and how to include instruction, career, and educational experiences to lead to future success. Have your child's IEP available to follow along with each section

Thursday, May 13, 2021

6:30 pm to 8:00 pm

This workshop will be held via ZOOM

Space is be limited. Register today!

The Community Support Network (CSN) at Westchester Institute for Human Development is the Hudson Valley's resource for individuals with disabilities, their families, and the professionals supporting them. The CSN operates as the Hudson Valley Family and Community Engagement Centers (FACE) for the NYSED OSE Partnership. Our experts are knowledgeable about all of the disability systems serving individuals with disabilities across the lifespan and are available to help YOU.

We provide resources, training, direct services, support and guidance to families, schools, agencies, and individuals themselves on disability related issues and topics.
