

The Department of Special Education/Pupil Support Services
is pleased to invite you to our upcoming

Parent Workshop for Students with ASD:

Friday, April 16, 2021

10:00 AM – 12:00 PM

Topic:

Transition Planning for Life After High School: An Introduction to the Process for Families

DESCRIPTION: This on-line training will provide parents of students with disabilities with information on the school to post-school transition planning process. Families are essential partners with the school district and collaboration with the Committee on Special Education (CSE) team is extremely important to fully understand considerations for successful career development and transition to adulthood. The workshop will help parents to think about their children today, their children in the future and the support required to help them achieve long-term goals after high school.

Please click on the link below to register for the workshop, and you will receive the link to the meeting once you register.
