

CPSE/CSE Parent - Student Report Worksheet

Student's Name: _____ School: _____

Completed by: _____ Date of CPSE/CSE Meeting: _____

An effective IEP is developed based on accurate comprehensive information about the student. Goals, services, and an individualized program are built upon the identified strengths, needs, and functioning levels of the student that are discussed and determined at the CPSE/CSE meeting by the team. The parents – and student - are members of the committee and information they provide is as critical as that of any other member. Take some time to consider the following and submit the information to your CPSE/CSE at or before your child's meeting. Include your child's own input about the program if appropriate.
