June 2022 Training

The Mid-Hudson SETF, a regional affiliate of the NYS Special Education Task Force, works to improve educational access and outcomes for students with disabilities. By offering a variety of forums and free informational workshops, parents, advocates, attorneys, school personnel, service providers, individuals with disabilities and others, can learn about special education and discuss related topics impacting students.

Tapping Into Our Community:

This virtual presentation will provide participants with a better understanding of what activities, programs and events are available in the Mid-Hudson area for youth with disabilities this summer. Please come ready to share resources you know of that others may not be aware of. There will be some mini presentations and a whole lot of sharing!
