

Training Announcement for *September 2026-August 2027*

Westchester Institute for Human Development

*A University Center for Excellence in Developmental Disabilities and Related Disorders
located in Valhalla, New York (30 min. north of New York City)*

is currently seeking applicants for its

Post-Doctoral Fellowship in Clinical Psychology

Track #1: Behavioral Psychology and Developmental Disabilities

Track #2: Child Welfare, Pediatric Developmental Disabilities, & Early Childhood track

This is a full time fellowship for graduates of Professional Psychology doctoral programs. It offers a broad variety of training experiences with extensive individual and group supervision (based on Track):

- ❖ Assessments with children and parents involved in the child welfare system
- ❖ Play based and Trauma-focused intervention with children
- ❖ Evidence-based outpatient treatments (Applied Behavior Analysis, CBT, Behavior Therapy, DBT techniques) to adults with developmental disabilities, challenging behavior, and/or mental health needs
- ❖ Potential opportunities to provide services to group homes and collaborate on behavior plans
- ❖ Assessment/training in early childhood disabilities/autism spectrum disorders/ADOS-2
- ❖ Professional seminars
- ❖ Supervision/mentoring of graduate students

Psychology Fellows may also take part in a 9-month, federally-funded Leadership Training in Neurodevelopmental Disabilities (LEND) featuring:

- ❖ Developmental disabilities training from a multi-disciplinary perspective in clinical issues, family-centered care, cultural competence, public health, policy and advocacy, and evidence-based practice
